

JASON BRODEUR

As the chair of the Health Innovations Subcommittee in the Florida House, former Representative Brodeur had the power to decide what bills were heard and which died. He killed bills to require health insurances cover telemedicine services, to charge nursing homes a civil penalty if their residents died of abuse or neglect, and to allow children who apply for KidCare to receive immediate medical treatment.

Rep. Brodeur also voted to privatize Medicaid and block Medicaid expansion, which left 800,000 Floridians without health care. Between 2012 and 2017, Brodeur voted to cut \$174 million from the county health departments local health needs budget.
